ACCOMMODATION

Canada and Alaska offers a wide range from boutique family-run properties to luxury 5 star accommodation. Our accommodation selection are chosen for their location, style and hospitality. (Please note in some remote regions of these vast destinations accommodation can be limited and is on the basic side).

This means we can personally recommend the accommodation that best suits you.

As a rough guide, the following hotel star ratings are a good indication to the facilities and standard you can expect

★★★★ A standard property offering clean and comfortable rooms. Affordable and suitable for a family.

★★★★★ A superior hotel offering above average to very good facilities.

★★★★★★ A luxury hotel offering a full range of facilities and exceptional service.
Canadian and Alaskan National Parks offer some of the most majestic scenery and tranquil experiences you can find. The numerous parks are grand in terms of sheer size and the variety of flora and fauna which can be found. Whilst they share some common ground, the national parks in these regions are extremely unique and places where you can be at one with nature, forgetting about modern comforts and embrace the best Mother Nature has to offer.

Canada’s Banff, Jasper and Yoho National Parks are unmissable stops for any itinerary through the Rockies. They all boast UNESCO Heritage Site statuses to ensure generations to come can enjoy these jewels. They offer hiking opportunities where picture perfect photo opportunities are presented at every turn, scenic drives and a vast array of wildlife. To appreciate the wildlife in this natural habitat is truly something special and will give you memories to last a lifetime. There are many more national parks located throughout Canada which are waiting for you to explore as well.

Alaskan National Parks like their Canadian counterparts, offer some truly breathtaking landscapes. The scenery dramatically changes, from the epic Denali National Park which contains the largest Peaks in North America to Kenai Fjords. The Kenai Fjords offer both rugged and untouched wilderness as well as reminders of the ice age with vast expanses of ice and the marine life abundant in this environment. Much of Denali remains untouched as there are no developments inside the park, so it evolves at nature’s pace. It is a seasonal park so you will need to plan a visit in the warmer months.

Our packages incorporate the very best of these national parks – which are all truly humbling experiences- so why wait- let us help you plan your next trip today!
Few destinations in the world are as synonymous with wildlife as Canada and Alaska are. There is a vast array on offer in both regions; from whales and salmon to bears, elk and moose, there really is an abundance of wildlife in both destinations. For those who have set out what they want to see and want to book their trip around it...Great! For all others; don’t despair, there is something on offer for all wildlife enthusiasts.

There are whale watching cruises where you can be on the lookout for these unique mammals for a few hours to fully immersive experiences where you can visit bear nature reserves for up to 5 or 6 days. There are species of wildlife which thrive in the harsh winter conditions such the mighty polar bear that can be found in Churchill, Manitoba – polar bear capital of the world! Then there are those which only appear during the summer months, we offer tour options throughout the year to take advantage of the prime viewing seasons of each specie.

Wildlife packages can be part of a designated tour or you can embark on a self-drive adventure during summer months. Whilst the wildlife is of course never guaranteed, there is really something about the thrill of the chase and keeping alert whilst enjoying the dramatic landscapes, all the while in pursuit of an animal in its native habitat.

The great thing about each destination is that, more often than not, there are laws in place to protect and conserve the species. This ensures a one-of-a-kind experience and makes it all the more rewarding once you spot wildlife.

If you have ever thought about a trip to view these magnificent creatures, now is the time to book. We have a great range of products on offer. If you don’t see what you are looking for, you can contact our sales team who will do their very best to find the right tour for you.
You would be hard pressed to find the bucket list of anyone on the planet which doesn’t include a cruise through the Inside Passage. The good news is that we offer an abundance of options for you. Whether you like large ships or more intimate small ship cruising there is a cruise option which will work for anyone. Budget plays a large part in the selection process but at the end of the day you are going to have memories which last a lifetime and it can be a much more memorable experience with some of these smaller vessels.

There are plenty of wildlife viewing opportunities which are possible on the ships and cruises. You might be lucky enough to spot a whale or see a mother bear with her cubs near the shore. Smaller cruises can reach narrow ports and channels that larger ships can’t, hence offering a much more up close and personal experience.

Standard cruises are of a minimum 7 nights in length, with larger cruises offering round-trip from Vancouver or Seattle as well as one way cruises to/from Alaska with the opportunity to add on land touring in Alaska. Smaller cruise ship itineraries operate from Alaskan ports of Juneau, Sitka and Ketchikan.

Some of the cruise lines we partner with include Azamara, Celebrity, Holland America, Seabourn, Alaska Dream, UnCruise, Crystal Cruises & Ponant.

BY RAIL

Enjoy incredible scenery as you travel across Canada’s vast countryside from the temperate Pacific Coast, to the majestic Canadian Rockies, the prairies of the mid-west to the metropolises of Ontario and Quebec all the way to the Atlantic Coast – rail travel enables you to relax and enjoy the scenery rolling by in your comfortable seating options. The two major operators in Canada are Rocky Mountaineer and VIA Rail.

Rocky Mountaineer offers daylight travel options on 2 or 3 day itineraries operating from mid April to early October between the Pacific Coast and the Canadian Rockies, whereas VIA Rail operates year-round with a variety of routes, seating and cabins from coast to coast.

Northern Lights & Winter

There is no better place to experience the true north than in Canada and Alaska. Both of these destinations are some of the best places on earth to view the northern lights and to also experience a spectacular winter wonderland. However, the Northern Lights can be seen as early as late August and into early April. As this is truly a natural phenomenon, we highly recommend you book at least 3 nights to give yourself the highest chance of seeing the lights.

Winter offers one of the most affordable travel seasons in Canada and Alaska with the season running from late November to early April; there is plenty of activities such as dog-sledding, snowmobiling, snowshoeing, or even ice-fishing.

Suppliers Terms and Conditions

All travel documents will be provided to you by your travel agent or Canada & Alaska Travel Connection prior to departure from Australia. Documents are to be exchanged locally to the relevant supplier. Supply of the Travel Services is made, and all itineraries, coupons and exchange orders (collectively “vouchers”) are issued to you, upon the supplier’s terms and conditions that are then in use, including as to the applicable laws, requirements and policies of any government authority related to, among others, visas, entry, exit or transfer requirements. Your acceptance of the vouchers constitutes those terms and conditions as the entire agreement between you and the relevant supplier and you bear all costs or losses incurred as a consequence of your failure to comply with them.

Exclusion of Liability

In the absence of our negligence, we are not liable for any cancellations, diversions, substitution of equipment, variations, postponements or any other act, omission or default (whether negligent or otherwise) of any supplier nor are we liable for any loss or damage to baggage or property, injury, illness or death, or any other loss (including consequential loss) damage or claim whatsoever arising from the act, error, omission, default or negligence of any person not our direct employee or under our exclusive control. We are not responsible for any criminal conduct of any third party.

Where a motor vehicle seat is fitted with a safety belt, neither we nor any supplier concerned will be liable for death, injury, or any loss or damage whatsoever you suffer from any accident or incident if you are not wearing the safety belt at the time of such accident or incident. We are not liable for any injury, damage, loss, delay, additional expenses or inconvenience caused by your acts, omissions or defaults, your state of health, medical condition or circumstances or other reasons which are beyond our control, including force majeure events or failure of equipment or machinery.

Warranties

To the extent permitted by law, all express and implied warranties, guarantees, representations or terms are expressly excluded. Where the law implies any warranty guarantee or condition which cannot be excluded, our liability to you for breach thereof is limited to supplying the services again or payment of the cost of having the services supplied again.

Maximum Liability

Despite any other provision of these terms and conditions, to the extent permitted by law, our maximum liability to you or any third party is limited to the price you have paid us for the booking.

11. COMPLAINTS

We endeavour to ensure that the arrangements we have made for you are implemented as arranged. If a problem occurs, the most practical way to deal with it is to attempt resolution locally with the supplier. If you fail to follow this course, any claim for compensation may be reduced or denied. If you have any unresolved complaint, details should be lodged in writing (with supporting documentation, including efforts made with the supplier to resolve it) with your travel agent or directly with us within 30 days of your trip concluding. No claim made after this period will be considered.

12. HOTEL DESCRIPTIONS & PHOTOGRAPHS
